This Council was formed in the summer of 2011 to direct the SPF SIG Project to address underage and adult binge drinking. Through monthly meetings, the Council, and other dedicated county members, developed assessments about our county pertaining to alcohol and our resources, formed a detailed plan of action on how to accomplish their goals, and maintaining a continuous drive to educate the county residents of our current drinking issue. As we look towards the future, the council welcomes any countywide project that needs to be brought to the attention of county residents.
