

**HIDDEN IN PLAIN SIGHT, DRUG PREVENTION TRAILER**

To increase awareness on drug prevention the Clayton County Sheriff's Department, 5C Coalition and Family's Helping Hand has collaborated efforts making "Hidden In Plain Sight" a mock bedroom of a teenager at risk for drug abuse possible. This interactive simulation gives parents, school faculty, and the general public signs to look for drug related activity.

This program consists of materials that are currently being used and solicited to youth in our area with a presentation the Sherriff's Department has designed to engage parents and teens. In order to make this mobile and take to many communities and events the group has purchased a 5' x 8' trailer. To help pay for the cost of the trailer 8" x 11" spots are being sold for \$200 each, to partnerships that may be interested in having their logo on the backside of the trailer. These signs would be professionally printed and we would need the logo in an AI/EPS or PDF file emailed to [claytoncountyyccc@gmail.com](mailto:claytoncountyyccc@gmail.com) and return the bottom of this page with your information. A receipt will be mailed to you for a tax write off.

If you have questions you can contact us at 245-1546. Thank you for being committed to making our communities a safer place to live!
